EXHIBITION VISITORS

ANGA.COM EXHIBITION & CONFERENCE FOR BROADBAND, TELEVISION & ONLINE

- 10-12 May 2022
- Cologne/Germany

- Entrance is only admitted for trade visitors.
- The registration is binding.
- The registration is personal and non-transferable.
- In addition to your e-ticket, you will need an official photo ID and a valid EU Digital COVID Certificate to access the fair grounds. Before arrival, each participant is obliged to check the current requirements on the website www.angacom.de in the section "travel".
- Registration is possible online only. There will be no ticket sales on-site.
- Your e-ticket and invoice will be sent via email. If you would like to use the e-ticket also as a participant badge, we recommend to bring the printed e-ticket to ANGA COM in order to shorten waiting times.
- Currency is EURO (including 19% VAT).
- If photographs and / or film recordings are made, by participating in ANGA COM you declare your consent to the free of charge creation, processing and use of photo and / or film recordings for documentation purposes and in the context of press and public relations for ANGA COM for all current and future media formats.
- ANGA Services GmbH processes personal data of exhibition visitors and conference participants as well as registered employees of exhibitors, service providers and cooperation partners insofar as this is necessary for the establishment and implementation of the participation or the entered contractual relationship. The processing of personal data takes place on the basis of either a consent of the person or on the basis of other authorizations of Article 6 of the European Data Protection Regulation (Regulation (EU) 2016/679, GDPR) in order to fulfill the participant contract.

The data will be used within the scope of the legal regulations and exclusively for the fulfillment of the contractual relationship. This includes the organization of the event, the quality assurance of the event and the information about the event including follow-up events. Part of the services for the participants and exhibitors is also a so-called lead tracking service, in which the exhibitor collects the QR code on the participant badge at the individual request of participants and thus - as with a business card - receives the provided contact data. Any other transfer of personal data for advertising use by third parties does not occur. In individual cases, in order to be able to fulfill our contractual obligations, e.g. for ticketing, entrance control, informational and technical services, we pass on personal data to affiliates and service providers who process the data on our behalf for fulfillment of the contract and are themselves responsible for protecting the data.

Declarations of consent can be revoked at any time. In principle, stored personal data are deleted as soon as they are no longer necessary for the fulfillment of the stated purpose. A deletion also takes place as soon as the affected person has revoked the consent to the processing of the personal data or has lodged an objection against this. This does not apply if and in spite of the revocation of the consent or despite the objection to the data processing, there is another legal basis or justified grounds for data processing, e.g. statutory storage requirements.
