Cologne/Germany, 14 February 2022 | ANGA COM, Europe's leading Exhibition and Conference for Broadband, Television & Online, is about to make a brilliant comeback on **10 to 12 May 2022 in Cologne / Germany**: Three months before the start, the **gross exhibition space for the first 300 exhibitors is already more than 20,000 sqm**. Due to various stand enlargements, the total space of the European and North American exhibitors is already at the level of the last ANGA COM show held in 2019.

Dr. Peter Charissé, Managing Director of ANGA COM: "We receive growing optimism of our exhibitors every day. The broadband and media industry is facing a new and **splendid level of investment**. In Germany, for example, with its more than 40 million households, network operators and a steadily growing number of international investors have announced to invest many billions in new fiber infrastructures. All leading fiber operators will be prominently represented in the conference programme. ANGA COM will be the **first major industry meeting** with early summer conditions. With 15-meter high exhibition halls, a huge foyer and the popular open air plaza with food trucks, our location has never been more attractive."

The conference programme encloses top-class **summit discussions** on fiber roll-out and digitalization featuring **Dr. Hannes Ametsreiter** (CEO Vodafone Deutschland), **Thorsten Dirks** (CEO Deutsche Glasfaser), **Srini Gopalan** (Board Member Deutsche Telekom), **Nelson Killius** (CEO M-net), **Timo von Lepel** (Managing Director NetCologne), **Dr. Daniel Ritz** (CEO Tele Columbus) and **Christoph Vilanek** (CEO freenet).

Another conference highlight is the **International CTO Summit** with Deutsche Glasfaser, Liberty Global, TDC (Denmark) and Telefónica. Speakers from the media business on topics as streaming and OTT include Amazon Prime Video, DAZN, Discovery, Google, Meta, ProSiebenSat.1, RTL and Sky. The opening address will be held by the **Federal Ministry for Digital and Transport**. All **top speakers** already confirmed are listed [here](#) on our website.

The complete conference programme of ANGA COM 2022 will be published in March. **Conference topics** include Fiber/FTTH, DOCSIS 4.0, 10G, Cloud Services, OTT, AppTV, Video Streaming, Fixed Mobile Convergence, Sustainability, Artificial Intelligence, Smart City and Smart Home as well as the political, legal and regulatory issues of the broadband and media industry.

Registration for conference and exhibition visitors is now possible online at www.angacom.de. Tickets for the exhibition are available for 25.- Euros. Participation in the conference programme can be booked from 120.- Euros.

ANGA COM is Europe's leading Exhibition and Conference for Broadband, Television & Online. It brings together network operators, vendors and content providers on all issues of the broadband and media distribution. The next date is 10 to 12 May 2022 in Cologne/Germany. Most recently, ANGA COM counted more than 500 exhibitors from 35 countries and 20,000 participants from 83 countries. Amongst the participants were 540 network and platform operators serving more than 200 million households all over Europe, as well as 370 media companies. 44 percent of the participants belonged to the senior level. Sponsoring partners are ASTRA Deutschland, AVM, QVC and Vodafone Deutschland.
