- Airy exhibition halls and large open air plaza
- 36 conference panels with more than 170 speakers
- Free of charge Theme Day Smart Connectivity on 12 May 2022
- Floor plan, exhibitor list, conference programme and ticket shop at www.angacom.de

Cologne / Germany, 9 May 2022 | Tomorrow, Tuesday, ANGA COM 2022 will kick-off with **390 exhibitors from 33 countries** on the Cologne fairgrounds. The successful restart of the Exhibition and Conference for Broadband, Television & Online will take place on **more than 22,000 sqm of exhibition space** until Thursday.

According to the event's slogan "Where Broadband meets Content", ANGA COM will be the **meeting point for network operators, vendors and content providers on all issues of broadband and media distribution** in the coming days. After a two-year break due to the corona pandemic, visitors can look forward to a particularly large number of innovations and numerous events organized by exhibitors and sponsors.

Dr. Peter Charissé, Managing Director of ANGA COM: "Now we are back with excellent starting conditions and 390 particularly high-quality exhibitors. The preliminary **visitor registration numbers** are also above our expectations. With the spacious Cologne fairgrounds including a large **open air plaza with food trucks** – and finally a perfect weather forecast – ANGA COM will offer its visitors and exhibitors optimal conditions for the international reunion of the broadband and media industry."

Highlights of the **conference programme** with a total of 36 event panels are **five summit discussions**: the Digitalization Summit, the Media Summit, the Content Summit, the Fiber Summit and the English-language International CTO Summit. The **over 170 speakers** include the absolute top of the broadband and media industry, with board members and executives from telecommunications and media companies such as Amazon Prime Video, ARD, Deutsche Glasfaser, Deutsche Telekom, Discovery, Liberty Global, M-net, NetCologne, ProSiebenSat.1, RTL, Sky, Tele Columbus, Telefónica and Vodafone.

The 22 **strategy panels** address a wide range of up-to-date industry topics. In addition to a focus on **fiber roll-out and streaming**, these also include sustainability and regulation. A new conference format is the **Theme Day Smart Connectivity** on Thursday, 12 May 2022, which is completely **free of charge**. The panels will address particularly innovative, smart connectivity topics as:

- **Smart Networks**: New Investors and their Roll-Out Concepts
- **Smart Sustainability**: Digitalization is the only Way to achieve Sustainability (in cooperation with VATM)
- **Smart City and 5G**: Networks, Services, Business Models
- **Smart Regions**: Innovative Roll-Out Concepts for Fiber

The 14 **technology panels**, which are particularly international, cover topics such as FTTH, DOCSIS 4.0, Wi-Fi, RDK, OTT, Cloud Services, Artificial Intelligence and Sustainability.

All conference panels are listed [here](#) on our website; the speakers are named [here](#).

Until the end of the event, **registration** for conference and exhibition visitors is possible **online** at www.angacom.de; there will **be no ticket sales on-site**. Tickets for the exhibition are available for 25.- Euros. Participation in the conference programme can be booked from 120.- Euros. On 12 May 2022, the Theme Day Smart Connectivity, participation in the exhibition and conference is completely free of charge. Those who already have a regular exhibition or conference ticket do not need to register separately for this day.

ANGA COM is Europe's leading Exhibition and Conference for Broadband, Television & Online. It brings together network operators, vendors and content providers on all issues of the broadband and media distribution. The next date is 10 to 12 May 2022 in Cologne/Germany. Cooperation partners of this year's conference programme are: Alliance for Broadcasting and Cultural Frequencies, Federal Gigabit Bureau, German TV Platform, Gracenote, SCTE Society for Broadband Professionals, SCTE Society of Cable Telecommunications Engineers, VATM and ZVEI. Sponsoring partners are ASTRA Deutschland, AVM, QVC, Vantage Towers and Vodafone Deutschland.
