- Our company fulfils the conditions, that are mentioned in item 1 of the special terms and conditions.

Hereby we apply for a Small Enterprise Station within the Small Enterprise Park.
(see supplement S1c for detailed information)

SEP Station EUR 2,500.– (plus VAT, if applicable)

After receiving your application, we give feedback regarding your eligibility in short-term. The space allocation process will start on 16 January 2023. Applications received by that date will be binding until one month after the beginning of space allocation, i.e. 16 February 2023. Application forms sent after 16 January 2023 can only be considered if there is still space at Small Enterprise Park available. Applications made after 16 January 2023 will bind the exhibitor until one month after receipt.

The application is not based on a specific stand area within the hall or a certain Small Enterprise Station within the special area. The exact positioning will be notified with the confirmation of participation after the space allocation is finalized.

The Small Enterprise Park will take place only if a sufficient number of exhibitors register for that special area. A final confirmation of participation will be sent until 16 February 2023.

We have received the **Exhibition Conditions** of ANGA COM as well as the **Technical Guidelines** and the **Special Terms and Conditions of the Small Enterprise Park** in full and acknowledge them in all points.
