## TUESDAY, 14 MAY 2024

### Content Distribution and Sustainability: Latest Technologies to boost Energy Efficiency

10:00 – 11:00 | Room 2

- **Audience Aware Streaming**  
Jan Outters, Director of Technology and Standards, Ateme
- **Dynamic Content Steering for a Greener Multi-CDN Strategy**  
Cyrille Berson, Segment Director, D2C Video Streaming, Video Networks, Synamedia
- **Enabling Sustainable and Efficient Software-based Content Delivery at the Edge**  
Thijs Feryn, Tech Evangelist, Varnish Software

**Moderator:** Carsten Engelke, Director Technology, ANGA The Broadband Association

### Converging the Access to true Multi-Service Fiber

11:15 – 12:00 | Innovation Stage

- **Dr. Marcus Brunner**, Chief Expert Standardization F5G, Huawei
- **Kurt Pynaert**, Head of End-to-End Software Defined Access Networks, Nokia
- **Gunter Reiss**, Chief Customer Officer, DZS
- **Pierre Trudeau**, President, Positron Access Solutions

**Moderator:** Bernd Hesse, CMO to the Board, Broadband Forum

### Streaming & OTT: Artificial Intelligence, Monitoring and CDN Optimization

11:30 – 12:30 | Room 2

- **Efficient and Quality-Controlled Video Delivery with VVC and AI**  
Dr. Jan De Cock, Director Codec Development, Synamedia
- **Ad Delivery Issues: Analyzing Dynamic Ad Insertion Streaming Errors Through Real-Device Monitoring**  
Yoann Hinard, COO, Witbe
- **Preparing the internet for "Real TV" streaming: Manifest Manipulation for CDN Optimization**  
Xavier Denis, Director of IP Ad Insertion Products, CommScope

**Moderator:** Michail Chandakas, Analyst, S&P Global Market Intelligence

### FTTH: Latest Solutions for PON, GPON and XGSPON

13:00 – 14:00 | Room 2

- **Navigating Best Practices in Multi-Gigabit Network deployment and validation**  
Yannick Sillis, Product Management Fiber Business Line, Nokia  
Niki Kirschenmann, Product Management, VIAVI Solutions
- **A Next Gen PON option for 100G in rural broadband networks**  
Richard Rommes, Vice President Access Network Solutions and Strategy, Harmonic Inc.
- **Technology Priorities for Accelerating the Rate of Homes Passed**  
Jose Luis Gonzalez, Senior Director, Market Management Broadband EMEA, CommScope

**Moderator:** Hanno Telgen, Director Product & Project Management, braun teleCom – powered by Netceed

### Low Latency in Fiber and HFC Networks

14:30 – 15:30 | Room 2

- **Looking Deeper into QoE – Scoring Low Latency Experiences with Multiple Standards & Queues**  
Chris Busch, Office of CTO, Vecima
- **Pioneering Low Latency DOCSIS with Network Virtualization from Operator perspective**  
Tino Muders, Architect at Vodafone Fixed Access Center of Excellence, Vodafone
- **vCMTS and DPDK software power Low Latency DOCSIS**  
Thuy Nguyen, Head, Cable Segment, Intel
- **Looking Beyond just Latency in an LLD/L4S Design**  
David Ririe, Senior Director, Access Engineering, Cox Communications

**Moderator:** Jan Dombrowski, Senior Counsel Regulatory Affairs, Vodafone

**Artificial Intelligence:  
Network Planning, Management and Preventive Maintenance**

15:45 – 16:45 | Room 2

- **Documentation in Fiber construction and Network operation**  
Simon Bangert, Head of Sales, NGN IT Solutions
- **The Right AI for PNM: Elevating Network Maintenance with Large Language Models**  
Brady Volpe, CPO, OpenVault
- **Shifting towards Hybrid Networks, ready for AI Networking**  
Sylvain Quartier, CMO, Ekinops

**Moderator:** Volker Belz, Associate Partner, Goldmedia

**Resilience: New Ways to make our Networks secure**

17:00 – 18:00 | Room 2

- **Keeping the lights on – Protecting Digital Europe’s fibre users from service interruptions both malicious and accidental**  
Daniel Grünbeck, Business Development Director, Adtran Networks SE
- **Satellite-empowered resiliency solutions – Secure and fast data connectivity from space**  
Volker Leyendecker, Regional Sales Director DACH, SES Networks
- **Diversified monitoring solutions – the answer to critical infrastructure requirements**  
Detlef Fimpler, Business Development Manager FTTH Test solutions, VIAVI Solutions

**Moderator:** Hansjörg Pätz, Managing Board, GP-Projekte GmbH

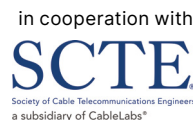

**WEDNESDAY, 15 MAY 2024**

**10G: How to reach the next Level in HFC Networks with the DOCSIS 4.0 Roll-out**

10:00 – 11:00 | Room 2

- **DOCSIS 4.0 is here and vCMTS powered by servers running x86 CPUs is ready to deliver the required bandwidth**  
Asaf Matatyaou, SVP, Product, Broadband Business, Harmonic Inc.  
Thuy Nguyen, Head, Cable Segment, Intel
- **DOCSIS vs PON Wars: How to deliver 10G of capacity over HFC networks without going to 1.8 GHz – or PON**  
Cornel Ciocirlan, CTO EMEA & VP ANS Technology & Strategy, CommScope
- **Direction Neutral Network (DNN)**  
Premton Bogaj, Chief Product Officer, Technetix

**Moderator + Kickoff:** Steven Harris, VP of Global Market Development and Education, SCTE – a subsidiary of CableLabs

**Effizient vom POP zum Homes Activated 2.0**

11:15 – 12:15 | Room 2

- **Flexible Ausrüstung mit Mini Pops zum Homes Activated**  
Martin Gärtner, Sales Director, Belden Sichert
- **NE3 und NE4 Verbindung – Der Schlüssel zum Homes Activated**  
Robert Engler, Head of Sales DACH, Dura-Line
- **Neue Konzepte zur Erschließung der Grundstücke im Ausbaugebiet**  
Stefan Zwetschke, Key-Account, Hauff-Technik Gridcom

**Fiber Roll-out and Migration from Copper in France**

**13:00 – 14:00 | Room 2**

- **Stephan Kemsisian**, Head of France, Netceed
- **David El Fassy**, VP of Altitude Group and chairman Altitude Infra, Altitude Group
- **Xavier Renard**, Marketing Director, ACOME

in cooperation with

**Moderator + Kickoff:** Philippe Le Grand, President, InfraNum

**Keynotes Media Distribution:  
Streaming, Cloud and Artificial Intelligence**

**14:00 – 15:30 | Innovation Stage**

- **Hyper QoE through maximum efficiency and automation**  
Dr. Vera Kovelva, Innovation Researcher, Divitel  
Dr. Gabor Molnar, Senior Business Development Professional, Divitel
- **Cloud embracement or exodus: Profitability in the post 0% interest rate era**  
Alexander Leschinsky, CEO, G&L Geißendörfer & Leschinsky GmbH
- **Less Repetition: How AI is Transforming Testing and Monitoring for Video Testers**  
Yoann Hinard, COO, Witbe

**The Fiber Networks Market in the Netherlands:  
Outlook and Challenges**

**14:30 – 15:30 | Room 2**

- **Mathieu Andriessen**, Managing Director, Vereniging NLconnect
- **Marco Boerman**, Director Business Development, Allinq Group BV
- **Anco Scholte ter Horst**, CEO, Freedom internet BV
- **Jeroen Meuleman**, Managing Director, Geuzenet BV
- **Arnoud de Ridder**, Investment Director, TINC/GlasDraad

in cooperation with

**Moderator:** Edwin Bijl, Quartermaster, Fiber Crew

**RDK Executive Roundtable:  
RDK's Central Role in Service Provider Deployments**

**15:45 – 16:45 | Room 2**

- **Jason Briggs**, President and General Manager, RDK Management
- **Paul Clarke**, Managing Director, Global Devices Software, Comcast/Sky
- **Pedro Bandeira**, Vice President Product & New Business, Europe at Deutsche Telekom

**Moderator:** Stuart Thomson, Editor, Digital TV Europe

**New Developments in the DOCSIS 4.0 and Fiber Roll-Out**

**17:00 – 18:00 | Room 2**

- **Balancing DAA and PON in Europe's Evolving Cable Networks**  
Hanno Narjus, SVP, Teleste
- **Wi-Fi 7 – The perfect fit for high speed PON an DOCSIS Residential Gateways**  
Henning Kroll, Product Manager, AVM
- **Requirements and Considerations in Fiber roll-outs**  
Hans-Georg Große-Boes, Director Product & Business Development, BTV Multimedia GmbH is now Netceed

in cooperation with

**Moderator:** Dr. Anthony Basham, President, SCTE – The Society for Broadband Industry Professionals

## THURSDAY, 16 MAY 2024

### Inhausnetze: Technologien und Service für mehr Homes Connected

10:00 – 11:00 | Room 2

- **Errichtung und Betrieb von nachhaltigen und zukunftssicheren FTTH-Netzen**  
Ralf Pütz, Head of Projects, Hexatronic
- **Benötigen wir einen Booster für Glasfaser NE4 Inhaus Netze?**  
Dr. Jürgen Raith, Managing Director, Netzkontor GmbH
- **NE4 und 5: Die unsichtbare Installation von Glasfaserkabeln in Gebäuden**  
Dr. Belma Hota, Sales Manager Carrier, Germany, Corning Optical Communications

in cooperation with  
**ANGA**  
The Broadband Association

**Moderator:** Carsten Engelke, Director Technology, ANGA The Broadband Association

### Open Access: Technical Solutions for the Implementation

11:30 – 12.30 | Room 2

- **Business and architecture benefits of open access models**  
Dr. Stephan Neidlinger, Vice President, Business Development Strategy and Solutions, Adtran SE
- **Open Access: Disruptive Architectures**  
Henrik Jensen, Business Development Manager, EMEA, Ciena
- **How to Enable and Monetize a Neutral Host Fiber Network**  
Dan Gledhill, Senior Vice President, Broadband Business Operations, Harmonic Inc.

**Moderator:** Widar Wendt, Managing Director, dibkom gGmbH

### Tiefbau: Update zu neuen Verlegemethoden und IoT

13:00 – 14:00 | Room 2

- **Innovativer Breitbandausbau durch den Einsatz von alternativen Verlegemethoden**  
Hannah ter Schüren, Sales Manager Northern Germany & Scandinavia, Corning Optical Communications
- **Vollautomatische Technik und IoT-Konnektivität bei Kabeleinblasmaschinen**  
Robin Hupfer, Managing Director, Vetter GmbH Kabelverlegetechnik
- **Das Stufenschleif-Verfahren nach DIN18220 in der Praxis – ein Erfolgsmodell – schneller, günstiger, nachhaltiger**  
Konrad Matheis, COO, Fiber Europe Management GmbH

**Moderator + Kickoff:** Ulrich Huber, Präsident, KRITIS e.V.

**REGISTER NOW:** [www.angacom.de](http://www.angacom.de)

**THURSDAY,  
16 MAY 2024:  
COMPLETELY  
FREE OF CHARGE**

Free access  
for all exhibition  
visitors and ticket  
categories.
