Cologne/Germany, 9 April 2025 | ANGA COM 2025, Europe's leading Exhibition and Conference for Broadband, Television & Online from 3 to 5 June in Cologne, will **massively expand its international programme**. In total, this year's three-day agenda features **9 panel discussions and 42 presentations in English language**. The conference programme addresses the latest key topics of the broadband, fiber, TV and streaming industry.

The international agenda includes the following **panel discussions in English**:

- **International CEO Panel** (in cooperation with Egon Zehnder)
- **Shaping the Future of FTTH**: Policy Priorities and the Copper Switch-Off Tracker for a Digital Europe
- **Network Evolution in America**: Opportunities and Challenges (in cooperation with Syndeo Institute at The Cable Center)
- **Subscriber Experience beyond Connectivity** (in cooperation with Broadband Forum)
- **State of Fiber, Telco and Cable** (in cooperation with Broadband Forum)
- **Sustainability**: Implementation Scheme for Telecommunication (in cooperation with The SCTE Society for Broadband Professionals)
- **Leading Across Generations**: Women Shaping the Future of Connectivity (in cooperation with Syndeo Institute at The Cable Center)
- **Beyond Compliance**: How Reporting Standards Drive Sustainable Innovation (in cooperation with NLconnect)
- **Supporting the Environmental Transition with Digital Solutions**: A Feedback from the French Sector (in cooperation with InfraNum)

The share of **international presentations** is especially high in the programme section "**Technology & Practice**". The technology topics include:

- Fiber optics, PON, in-house fiber
- Quality of service, low latency, CDN
- Network planning, network monitoring
- Streaming, video discovery, ad insertion, personalization, monetization
- Artificial intelligence, data protection, resilience, sustainability
- HFC networks, DOCSIS
- Open access
- Civil engineering

The panel discussions and presentations will be held in the conference center or on the **Innovation Stage**, an open presentation stage directly in the exhibition hall. **All exhibition visitors have free access** to the programme on the Innovation Stage.

In addition to the panels and presentations in English, **16 panels** of the strategy programme (all panels in Room 1) will be **simultaneously translated into English**, including the keynote speech by **Hendrik Wüst, Premier of the State of North Rhine-Westphalia**, the **Gigabit Summit** with the CEOs of leading network operators, the **Fiber Summit** entitled "How far will we get with FTTH in 2025?" and the top-level "**Media Summit: Content, Streaming, Transformation**".

The up-to-date status of the conference programme is available on the website: [strategy programme](#) | [programme section "Technology & Practice"](#) | [Innovation Stage](#) | [speaker list](#).

Dr. Peter Charissé, CEO ANGA COM: "ANGA COM will be more attractive than ever for international visitors this year. We are looking forward to welcoming our conference partners from the Netherlands, France, USA and United Kingdom."

The exhibition is also on course to break records with already **490 exhibitor registrations from over 40 countries** and bookings for more stand space than last year. All companies already registered for ANGA COM 2025 can be found in the [exhibitor list](#) and the [floor plan](#).

Registration for conference and exhibition visitors is possible [online](#) (there will be no ticket sales on-site), **VAT is already included in all prices:**
