

ANGA COM 2019 ends with more than 20,000 participants

- Over 20,000 participants at the Exhibition and Conference for Broadband, Television & Online
- More than 500 exhibitors from 35 countries
- Successful expansion of the conference programme
- ANGA COM 2020 from 12 to 14 May 2020 in Cologne/Germany

Cologne/Germany, 7 June 2019 | ANGA COM 2019 ended with an excellent result of **more than 20,000 participants** and **over 500 exhibitors** yesterday. The exhibitors particularly praised the increased presence of C-level visitors and decision-makers. ANGA COM registered many new entries this year, particularly in the areas of fiber, OTT and AppTV.

With more than 2,500 participants, the extended **conference programme** was better attended than ever. Among the highlights were four summit discussions with equally top-class speakers from the broadband and the media industry. Excellent attended networking highlights of ANGA COM have been the open air plaza with food trucks and the ANGA COM Night with 1,800 participants.

Numerous **photos** of the event are already available on the website www.angacom.de. The ANGA COM video and detailed visitor and exhibitor data will also be published there shortly.

ANGA COM 2020 will take place in **Cologne** from **12 - 14 May 2020**.

ANGA COM is Europe's leading Exhibition and Conference for Broadband, Television & Online. In 2019, cooperation partners included BUGLAS e.V., Federal Broadband Bureau, German TV Platform e.V., ISBE – International Society of Broadband Experts, RTL International, SCTE – The Society for Broadband Professionals, VATM e.V., VAUNET e.V. and ZVEI e.V. (Satellite & Cable). Sponsoring partners were ASTRA Deutschland, AVM, Nokia, QVC, Telekom Deutschland and Unitymedia.
