*Cologne/Germany, 16 March 2020* | ANGA COM Exhibition & Conference, scheduled for mid-May, will be postponed to next year. The new date is **8 to 10 June 2021 in Cologne/Germany**. The reasons for the postponement are the developments on the new coronavirus and corresponding directions of the health authorities.

Dr. Peter Charissé, Managing Director of ANGA COM: "The postponement has become inevitable due to the virus pandemic and the corresponding directions of the health authorities. Nevertheless, we are very pleased about the understanding that many exhibitors have already shown us. The new, safe date and the lead time that is now still available were received very positively. ANGA COM is not only a show and a business for us, but a matter of the heart for which we are burning. But we also put this in relation to the developments that are taking place among our friends in Italy and worldwide. That is why we wish above all that the world community pulls together to get the pandemic under control as quickly as possible."
