- Broadband and Media Exhibition ANGA COM will be postponed to 10 - 12 May 2022
- New online congress ANGA COM DIGITAL from 8 - 10 June 2021
- Virtual conference programme, networking and digital showrooms
- Booking of Digital Partnerships at www.angacom.de/digital

Cologne/Germany, 2 March 2021 | The broadband and media exhibition ANGA COM, scheduled for June, will be **postponed to next year** due to the virus pandemic. The new date is **10 to 12 May 2022 in Cologne/Germany**.

Dr. Peter Charissé, Managing Director of ANGA COM: "It is still not foreseeable when international exhibitions will be permitted again and when the various travel restrictions will be lifted. Our ANGA COM stands not only for product presentations and business deals, but also for the industry "coming close" in the true sense of the word – and this in a relaxed and international atmosphere. Unfortunately, this cannot be guaranteed for 2021 with the necessary lead time. Therefore, we had to make the difficult, but from our point of view consistent decision for a renewed and longer-term postponement. We are looking forward to a brilliant comeback next year in May."

A **new virtual event format, ANGA COM DIGITAL**, will be held from **8 to 10 June 2021**, at the originally planned show date. With this new online congress, ANGA COM offers companies the opportunity to present themselves to an international audience also this year. The registration for a **Digital Partnership** is now open. Digital Partners can actively participate in the extensive conference agenda on technology and strategy topics from the broadband and media sectors, promote their products and services in Digital Showrooms and take advantage of numerous networking options. A booklet with the services and prices of the Digital Partnerships as well as the **registration forms** are already available online at www.angacom.de/digital. Depending on the preferred partnership level (bronze to platinum), the costs range from 5,000 to 25,000 €.

Dr. Peter Charissé: "We would have loved to meet all our customers, partners and friends already this year. But with the new online congress ANGA COM DIGITAL, we are convinced to offer the best possible alternative under the current conditions. Our new digital event platform will provide companies with an online-optimized presence with showrooms, webinars and keynotes in order to address our unique, Europe-wide audience even under the current circumstances."

ANGA COM is Europe's leading Exhibition and Conference for Broadband, Television & Online. It brings together network operators, vendors and content providers on all issues of the broadband and media distribution. The next show date is 10 to 12 May 2022 in Cologne/Germany. Most recently, ANGA COM counted more than 500 exhibitors from 35 countries and 20,000 participants from 83 countries. Amongst the largest exhibitors were telecom vendors such as Appear TV, AVM, Casa Systems, Cisco, CommScope, Nokia, Synamedia, Teleste and Wisi. The speaker line-up of the conference programme with 2,400 participants included C-level representatives of Deutsche Telekom, Vodafone, Tele2, Sunrise, TDC, freenet, Eutelsat, ProSiebenSat.1, RTL Television and Discovery. Amongst the participants were 540 network and platform operators serving more than 200 million households all over Europe, as well as 370 media companies. 44 percent of the participants belonged to the senior level.

In 2021, ANGA COM has launched a new virtual event format with ANGA COM DIGITAL. This new online congress will take place on a digital event platform from 8 to 10 June 2021. More information: www.angacom.de/digital.
