Cologne/Germany, 7 May 2021 | ANGA COM – Exhibition and Conference for Broadband, Television & Online – today published a **preview of the conference programme** for its new virtual event format **ANGA COM DIGITAL**. The online congress will take place from **8 to 10 June 2021** on a new, AI-powered digital event platform that offers online-optimized showrooms and numerous networking options in addition to the conference programme. More than 60 international companies from the broadband and media industry are involved as digital partners and will present themselves to congress participants in interactive digital showrooms. **Registration is free of charge for congress participants** and is now open at www.angacom.de.

Highlights of the strategy programme will be **five summit events** with industry leaders such as Deutsche Glasfaser, Deutsche Telekom, Discovery, M-net, NetCologne, ProSieben, RTL, Tele Columbus, Virgin Media and Vodafone. These include the "**Fiber Summit** – Cooperations and Open Access vs. Overbuilding?", the "**Broadband Summit** – FTTH only or Technology Mix with FTTB, Cable and 5G?", the „**CEO Talk**“, the "**Media Summit** – How to win the Streaming Battle?" and the "**International Content Summit** – Strategies to win the OTT Competition." The speaker line-up for the summits can be viewed at www.angacom.de.

The **key topics of the technology panels and digital showrooms** include: Fiber Optics, DOCSIS for 10G, FTTH, WiFi, 5G, Fixed Mobile Convergence, Trenching, Cloud Services, IPTV, OTT, App TV, Video Streaming and Measurement. From the US the industry associations **SCTE® a subsidiary of CableLabs** and **The Cable Center** and from the United Kingdom the **SCTE – The Society for Broadband Professionals** are involved as international cooperation partners.

The **preview of the conference programme with all speakers and panel events already confirmed** is available on the website www.angacom.de in the section "[ANGA COM DIGITAL > Speakers](#)" and "[ANGA COM DIGITAL > Agenda](#)". The complete conference programme will be published by the end of May.

It is still possible to book a **digital partnership** with a digital showroom. All necessary documents as well as a walkthrough of the event platform are available online at www.angacom.de. The companies already registered are listed on the website www.angacom.de in the section "[ANGA COM DIGITAL > Digital Partners](#)".

Dr. Peter Charissé, Managing Director of ANGA COM: "We are delighted about the great success of our concept with online-optimized digital showrooms. We want to set ourselves apart from the standard of many digital events also with the conference programme. We will encourage spontaneous speaking and a lively discourse among the speakers. I'm also particularly looking forward to the "Jump In Sessions", a new feature that allows our digital partners to invite to discussions at any time, for example to talk about questions that have just come up in a conference panel. Up to 25 congress participants can take part in such an open discussion session without any advance registration."

ANGA COM is Europe's leading Exhibition and Conference for Broadband, Television & Online. It brings together network operators, vendors and content providers on all issues of the broadband and media distribution. Most recently, ANGA COM counted more than 500 exhibitors from 35 countries and 20,000 participants from 83 countries. Amongst the participants were 540 network and platform operators serving more than 200 million households all over Europe, as well as 370 media companies. 44 percent of the participants belonged to the senior level.

In 2021, ANGA COM has launched a new virtual event format with ANGA COM DIGITAL. The new online congress will take place on a digital event platform from 8 to 10 June 2021. Platinum partners of ANGA COM DIGITAL are Ocilion IPTV Technologies and Vodafone. The next date for the physical show is 10 to 12 May 2022 in Cologne/Germany.
